> (A8) Chang Gung Memorial Hospital Station

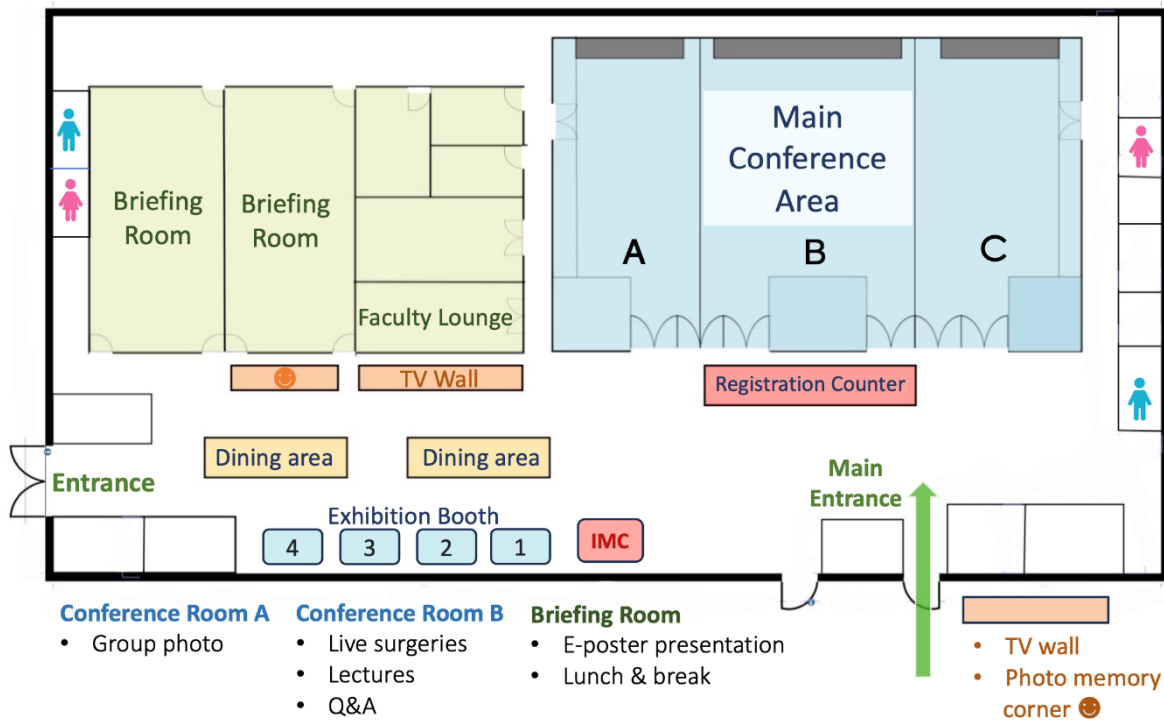

Conference Address and MAP:

1F., No.15, Wenhua 1st Rd., Guishan Dist., Taoyuan City 333011, Taiwan (R.O.C.)

Event Venue Map

● **Agenda**

2023/10/3 Tuesday

Time	Room	Surgeon	Method	Commentator
8:00	A	Akihiko Takushima	Dural innervation-latissimus dorsi (one stage)	Tommy NJ Chang Andres Rodriguez- Lorenzo Chieh-Han John Tzou
	B	Paul Julien Guelinckx	One stage mini-gracilis for smile	
	C	David CC Chuang	CFNG-gracilis for simultaneous smile and eye closure	
	D	Johnny CY Lu	CFNG(stage one surgery)	

Briefing Room_ Lunch served between 12:00 and 14:00

	Speaker	Topic	Moderator
14:00	Fu-Chan Wei	Microsurgery at Chang Gung Memorial Hospital	Kallirroi Tzafetta Shai Rozen
14:15	Jimmy MJ Chuang (neurosurgeon)	Neuroanatomy and functional preservation of facial nerve in skull base surgery	
14:30	Chieh-Han John Tzou	Facial Reanimation – Austrian Concept	
14:45		Discussion	

15:00 Tea Break and Exhibition

15:30	Federico Biglioli	Re-orienting neural stimulus to solve post-paralytic sequence: synkinesis, hypertone at rest, paresis	Federico Biglioli Nathan Jowett
15:45	Ayato Hayashi	Using temporalis lengthening myoplasty to correct incomplete facial palsy and synkinesis	
16:00	Shai Rozen	Treatment for synkinesis	
16:15	Kallirroi Tzafetta	My approach in the Management of synkinesis	
16:30	David CC Chuang	Postparalytic facial synkinesis- 35 year experience	
16:45	Daniel Labbe	Spastic facial palsy and the use of botulinum toxin	
17:00	Daniel Labbe	25 years experience with lengthening temporalis myoplasty and smile reanimation	
17:15		Discussion	

18:00 Room A_Group photo

19:00 Fullon-MRT A8 Hotel, 3F_Banquet

2023/10/4 Wednesday

Time	Room	Surgeon	Method	Commentator
8:00	A	Shai Rozen	Masseter-gracilis (One stage) with static suspension	Tommy NJ Chang Andres Rodriguez-Lorenzo Chieh-Han John Tzou
	B	Nathan Jowett	V3-Dual vector gracilis flap for upper and lower lips reanimation	
	C	David CC Chuang	CFNG-gracilis for postparalytic facial synkinesis	
	D	Tae Suk Oh	V3-gracilis for facial reanimation	

Briefing Room_Lunch served between 12:00 and 14:00

	Speaker	Topic	Moderator
14:00	Federico Biglioli	Triple nerve transfer for current facial paralysis	Andres Rodriguez-Lorenzo Chieh-Han John Tzou
14:15	Paul Julien Guelinckx	Facial paralysis reconstruction: my method	
14:30	Akihiko Takushima	Facial paralysis reconstruction: my method	
14:45		Discussion	
15:15	Tea Break and Exhibition		
15:45	Shai Rozen	A functional and aesthetic approach to the paralyzed periorbita	Hung Chi Chen Tommy NJ Chang
16:00	Paul Julien Guelinckx	FFMT for lagophthalmos	
16:15	David CC Chuang	One gracilis for smile and lagophthalmos	
16:30	Tsz Yin Voravitvet	Platysma muscle graft (PMG) for lagophthalmos treatment- rat study	
16:45	Tsz Yin Voravitvet	Eyelid closure reconstruction with neurotized platysma muscle graft	
17:00	Hung-Chi Chen (ophthalmologist)	Eye protection in facial paralysis	Johnny CY Lu Tsz Yin Voravitvet
17:15	Sean Kuo Hsuan Hung (ophthalmologist)	Comparison of demographics and clinical phenotypes between direct and indirect corneal neurotization	
17:30		Discussion	
18:00	Briefing Room	E-poster(video) presentation**	
19:00	Conference A	Q&A	

Dinner serve with dinner box

** Submit your question here: <https://forms.gle/RmctQcbAZupfKSNTA%20> Before 12:00pm

2023/10/5 Thursday

		Surgeon	Method	Commentator
8:00	A	Federico Biglioli	Triple innervation surgery	Tommy NJ Chang
	B	Paul Julien Guelinckx	CFNG-platysma for eye closure	
	C	David CC Chuang	CFNG-gracilis for eye closure	Andres Rodriguez-Lorenzo
	D	Kallirroi Tzafetta	Transfer of the anterior belly of digastric muscle transfer for lower lip reanimation	Chieh-Han John Tzou

Briefing Room_Lunch served between 11:30-13:00

		Speaker	Topic	Moderator
13:00		Nathan Jowett	Facial paralysis reconstruction: my method	Akihiko Takushima Shai Rozen
13:15		Nathan Jowett	Chimeric Gracilis Flap for Upper and Lower Lip Reanimation: Improving Dentition-Display Smile	
13:30		Tae Suk Oh	Dynamic rejuvenation in facial palsy reconstruction	
13:45		Tae Suk Oh	Maximizing surgical outcome in facial reanimation surgery	
14:00			Discussion	
14:30	Tea Break and Exhibition			
15:00		Kallirroi Tzafetta	Lower lip reanimation	Tommy NJ Chang Johnny CY Lu
15:15		Andres Rodriguez-Lorenzo	Facial nerve reconstruction in oncological patients	
15:30		Andres Rodriguez-Lorenzo	Five different techniques to reinnervate the lower lip in facial paralysis patients	
15:45		Chieh-Han John Tzou	Hands On Facial Palsy Course	
16:00	Discussion
